Travel Border Survey

28 March 2008

Outbound Visits by Residents in Portugal increase 14.2% and by Non-Resident Visitors raise 5.1%

In 2007, the outbound visits made by residents, amounting almost to 21 millions, accounted for a year on year increase of 14.2%. In this period Spain was the main destination of the visits made by residents. The number of non-resident visits (23.7 millions) increased 5.1% compared to the previous year and Spain was also the main origin market.
