Industry Turnover, Employment, Wages and Hours worked Indexes

July 2010

Industry turnover decelerates

Employment, Wages and Hours Worked decreased

In July 2010, industry turnover year-on-year rate was 5.5%, decelerating from the observed in June (10.3%). Both markets had less positive performances, mostly in the domestic market. Comparing with the same month of the previous year, domestic sales were up by 1.4% in July (7.0% in June), while external market sales increased by 13.2% (16.1% in the previous month).

Also in year-on-year terms, employment and wages decreased 1.6%, while hours worked (adjusted for calendar effects) year-on-year change rate was -2.0%.
