Industrial New Orders

June 2012

Industrial New Orders index with a more negative year-on-year change rate

Industrial new orders index decreased, in June, by 4.3% in year-on-year terms (reduction of 3.4% in May). This evolution of the total index was determined by a more negative behaviour of the domestic market new orders index that decreased 13.1% in year-on-year terms (reduction of 11.3% in the preceding month). The external market index moved from a year-on-year change rate of 2.7% in May to 2.4% in June.
