Portuguese Life Tables

2004-2006

Complete Life Table for Regions Nuts II and Life Expectancy for Regions Nuts III

2004 - 2006

Statistics Portugal releases 2004 - 2006 Complete Life Tables for Regions Nuts II and Life Expectancy at birth and at age 65 for regions Nuts III.

Following the publication of a new set of national Life Tables in February 2008, Statistics Portugal releases now Complete Life Tables (from birth to 100 years of age) for regions Nuts II and sex, considering a three-year reference period. Values for life expectancy at birth and at age 65 are also published for regions Nuts III.
