Regional Statistical Yearbooks  
2012

---

### **Regional Statistical Yearbooks regional and municipal statistical data**

Statistics Portugal releases the Regional Statistical Yearbooks, which are the key publications regarding statistical data disseminated at regional and municipal levels aiming to support the knowledge of regional development trajectories and the analysis of territorial based issues. Most of the statistical information is available at municipal level and, for this reason, constitutes an important analytical tool for local governments and a basis of knowledge of the territorial spaces of citizens' daily lives.
