

Cultural Statistics 2012

Statistics Portugal releases cultural statistics

Statistics Portugal releases the publication *Cultural Statistics – 2012* with the most recent information regarding supply and demand of goods and services in the cultural sector, both in a social and economical perspective.

The publication *Cultural Statistics – 2012* provides statistical information on several cultural domains according to: *education; employment; consumer price index for cultural goods and services; enterprises in cultural and creative activities; international trade in cultural goods; cultural heritage; visual arts; periodical publications; cinema, performing arts; broadcasting and public financing of cultural activities*. This information is preceded by the analysis and the presentation of last five years data on cultural statistics, thus allowing an easy understanding of what has been happening in the cultural and creative sector
