

10 August 2020

Services Turnover, Employment, Wages and Salaries and Hours Worked Indices June 2020

Services Turnover Index¹ fell 23.2%

Services turnover index, in nominal terms and adjusted for calendar and seasonal effects, presented a year-on-year change rate of -23.2% in June (-31.0% in May). In the 2nd quarter of 2020, services year on year change rate stood at -30.5% (-3.9% in the previous quarter).

The year-on-year change rates of the indices of employment, wages and salaries and number of hours worked adjusted of calendar effects were -8.3%, -9.1% and -17.3%, respectively (-8.2%, -12.8% and -28.0% in May, by the same order).

The information in this press release, referring April 2020, reflects probably the situation determined by the pandemic COVID-19, either in economic behavior either in the amount of data for compilation of results presented. We call for the best collaboration by firms, households and public entities in answering, despite the present difficulties, to Statistics Portugal. The quality of official statistics depends crucially on this collaboration, which INE thanks in advance.

¹ Data adjusted of calendar and seasonal effects.
