INDUSTRY TURNOVER, EMPLOYMENT, WAGES AND SALARIES AND HOURS WORKED INDICES

February 2023

## INDUSTRY TURNOVER INDEX SLOWED DOWN TO 4.3%

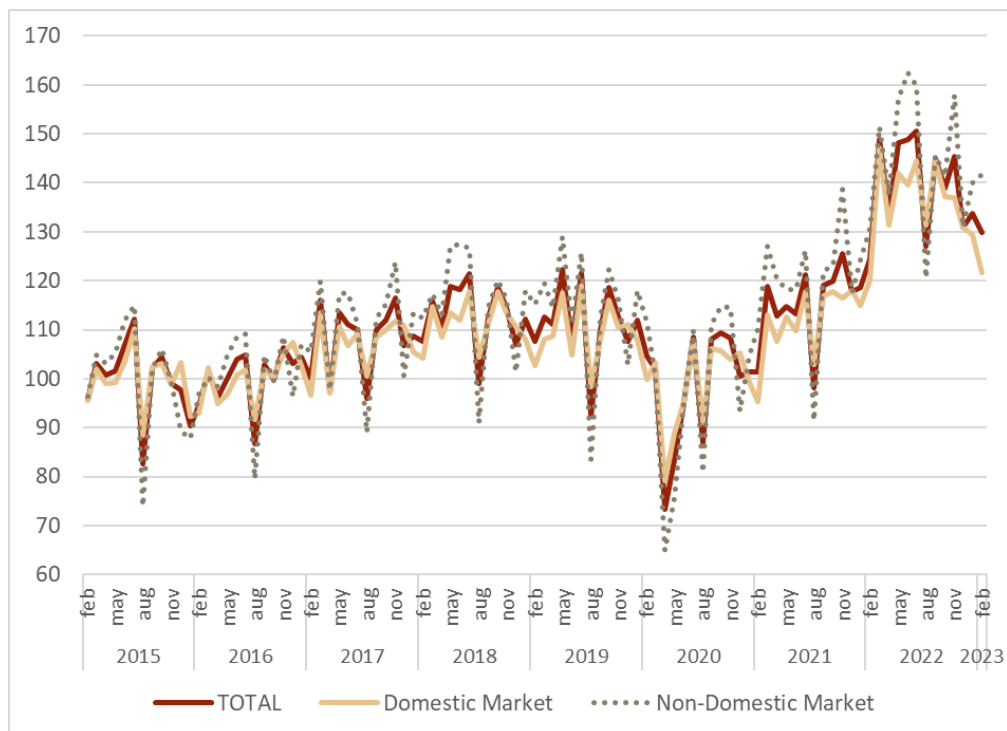

The Industry Turnover Index nominal and year-on-year change rate was 4.3% in February (12.6% in the previous month). Excluding the *Energy* grouping, sales in industry increased 7.4% (13.6% in January). Domestic market and non-domestic market grew 1.2% and 8.4%, respectively (12.6% in both in the previous month). Note that February 2023 had three working days less than the previous month and less one than February 2022.

Year-on-year change rates of employment, wages and salaries and hours worked (adjusted of calendar effects) were, respectively, 1.4%, 8.7% and -0.8% (1.6%, 12.0% and 6.9% in January).
