Indexes of Production, Employment, Wages and Hours worked in Construction June 2007

Construction and Public works with less marked fall

Production in the construction and public works sector fell by 4.7% in the quarter ending in June 2007, compared with the same quarter of the previous year. This change accounts for a slightly recovery of 0.7 percentage points (p.p.) from the change observed in the quarter ending in May. Employment and the workload in the sector maintained negative year-on-year rates of change, at -3,3% and -6.0% respectively. Wages grew by 8.4%.

Indexes of Production, Employment, Wages and Hours worked in Construction – June 2007

Portugal welcomes in August 2007 one of the most important statistics world-wide congress: the 56th Session of the *International Statistical Institute (ISI 2007)*.
