

INDEX

Improvements in the Estimation of a Heavy Tail

Orlando Aníbal Oliveira, M. Ivette Gomes and M. Isabel Fraga Alves ... 81

Performance of the *EM* Algorithm on the Identification of a Mixture of Watson Distributions Defined on the Hypersphere

Adelaide Figueiredo and Paulo Gomes 111

A Lognormal Model for Insurance Claims Data

Daiane A. Zuanetti, Carlos A.R. Diniz and José Galvão Leite 131

A New Dependence Condition for Time Series and the Extremal Index of Higher-Order Markov Chains

Helena Ferreira 143

Decompositions of Symmetry Model Into Marginal Homogeneity and Distance Subsymmetry in Square Contingency Tables with Ordered Categories

Sadao Tomizawa, Nobuko Miyamoto and Masami Ouchi 153

Comparison of Weibull Tail-Coefficient Estimators

Laurent Gardes and Stéphane Girard 163
